PRECISION GRAPHIC CARVING DESIGNS

Precision Graphic Carving Designs (PGC)

Illustrating
superior
artistic
detail,
beauty &
accuracy.

Precision Graphic Carving (PGC) is a superior method for illustrating artistic detail, beauty and accuracy. The PGC Designs are handcrafted by professional artists that are exclusive and copyrighted, all rights reserved. PGC Designs are sandblasted on dark granite colors and upright memorials to provide superior durability and contrast. The PGC Designs illustrated in this catalog are included in the cost of the memorial. PGC Designs can be scaled to any size and mirrored / flipped.

Custom Artwork

Our professional artists can create a special, unique design to specifically meet your needs. Artwork usually requires four to six weeks to complete, depending on the difficulty of the project and our work load. We do not charge for new commissioned artwork if it is popular and can be used by other families. Unique and one-of-a-kind artwork is an additional cost and is based on the artist's time and difficulty.

FOOTPRINTS 001

Foot-prints in the sand

One night I had a dream. I was walking along the beach with the Lord; and across the skies flashed scenes from my life. In each scene I noticed two sets of footprints in the sand. One was mine, and one was the Lord's. When the last scene of my life appeared before me, I looked back at the footprints in the sand, and, to my surprise, I noticed that many times along the path of my life there was only one set of footprints. And I noticed that it was at the lowest and saddest times in my life. I asked the Lord about it:

"Lord, you said that once I decided to follow you, you would walk with me all the way. But I notice that during the most troublesome times in my life there is only one set of footprints. I don't understand why you left my side when I needed you most." The Lord said: "My precious child, I never left you during your time of trial. Where you see only one set of footprints, I was carrying you."
