Pillow & Lawn Level Memorials

Pillow Marker

Lawn Level Marker

Deluxe Edge & Concrete Foundation Options

Deluxe edge & concrete foundation options help flat markers remain visible from grass overgrowth and encroachment. Typically the border size for each option is 4 inches all around the marker.

Deluxe Edge Marker

A deluxe edge marker, shown in the top image on the left, is a larger size marker with a sanded outside border. This is the strongest border option. It also allows for designs to go into the deluxe edge area allowing more room for designs and lettering.

Concrete Foundation Marker

A concrete foundation, as shown in the bottom image on the left, is a granite marker that once made is set into concrete. This is a good option however not as strong as a deluxe edge.
