Glass Inlays & Custom Ceramics

Glass inlays and custom ceramics are a perfect way to add a touch of color to your memorial.

Personalized ceramic inserts shown on cremation memorials.

Custom stained glass insert shown on a heart monument with a custom ceramic on beveled base.

Granite Laser Inserts

Granite inserts allow you to add HDL engraving to any color memorial! They are made with 3/8" thick Jet Black granite tiles and are recessed like a ceramic photo. Granite inserts are available in oval or rectangle shapes. Maximum size is 12"x12".

AdmiredLife

Expand Your Memorial

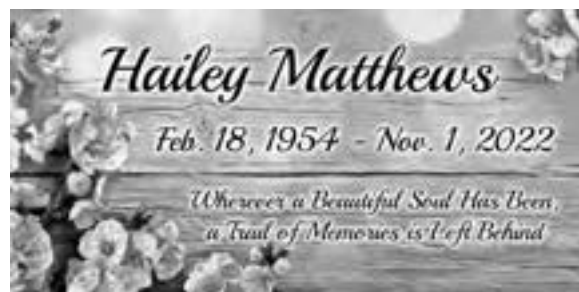

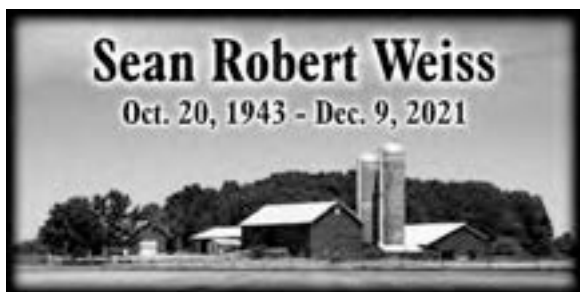

Expand your physical memorial stone with an online memorial provided by AdmiredLife. A unique QR code ceramic will be linked to a fully customizable website dedicated to your loved one, allowing anyone visiting to view the personalized online memorial. Upload photos, lot locations, obituaries, links and more to honor their memories to the fullest.

Temporary Markers

Comes as a 6"x12" Jet Black lasered tile with a metal mounting bracket that can be placed in the cemetery or at home. Check with cemetery regulations before placing.

Temporary Markers are an excellent solution to the timeline between ordering a cemetery memorial and the setting of it. A Temporary Marker can be made in just a few weeks, and can be used as a placeholder in the cemetery or for a memorial service. Once the final memorial is set, families can use the Temporary Marker as a keepsake for their home or garden.

Chalk Talk

Leave personalized messages for your loved ones.

Turn any upright monument surface into a personal canvas to leave messages, pictures, and notes for your loved ones. This special granite finish acts exactly as a chalkboard and wipes off clean with a dry cloth. Make the entire backside or a smaller portion of your monument a chalkboard. The chalkboard finish can be used on any monument shape or granite color.
